NATIONAL PEOPLE'S CAMPAIGN

To Steering Committee:

We have come together, united, in defense of the needs and interests of our people. We have come together, united, in our opposition to the cruel, devastating Trump Budget aimed at weakening, and destroying, all protection for the environment, enhancement of justice, health insurance, worker's rights and for the militarization of our country and its foreign policy. We will MARCH together!

Is that enough? NO.

The Peace Contingent has proposed a NATIONAL PEOPLE'S CAMPAIGN when we return home. It must be local in nature so we can enlist our neighbors. Our cities, already in dire straits, will be seriously affected by the Trump Budget. The proposed budget cuts right through ALL the services provided by our cities and towns: even an essential service as MEALS ON WHEELS for our elderly!

New Haven, Connecticut, Charlottesville, Virginia, Cumberland, Maryland have already passed City Council Resolutions calling for the reduction of the Military Budget for Human Needs! IMAGINE, IF TOGETHER, WE GET CITIES AND TOWNS TO CALL FOR LOCAL HEARINGS CALLING FOR A BUDGET THAT MEETS HUMAN NEEDS. THIS WOULD CREATE A POPULAR GROUNDSWELL THAT WOULD PRESSURE CONGRESSIONAL DELEGATIONS! CONGRESSIONAL ELECTIONS TAKE PLACE IN 2018.

This campaign would UNITE us. It covers ALL of our issues. It reaches out to local concerns affected by an anti-people budget. Each organization can participate, calling upon its members to ACT LOCALLY!

Together we can create a NATIONAL PEOPLE'S CAMPAIGN !

Yours in peace,

Alfred L. Marder
President

Member of the World Peace Council
